Smithfield Foods' Peru, Indiana Facility Participates In North America's Largest Environmental Education Program

SMITHFIELD, V.a. (March 19, 2019) — [Smithfield Foods, Inc.](#) is pleased to announce its Peru, Indiana facility's participation in the [National Conservation Foundation \(NCF\) Envirothon's](#) 2019 Indiana Northeast Regional Envirothon competition where 50 high school students competed to demonstrate their knowledge and environmental problem-solving skills.

Smithfield employees from the local communities donated their time and expertise to the program, serving as volunteer advisors to lead training sessions, facilitate program curriculum, and coordinate activities. "It's incredible to see the innovative ways in which our student participants engage with the environment," said Jan Came, president, Indiana Envirothon. "We greatly appreciate Smithfield's time and contributions to make the Indiana Envirothon such a wonderful event for our future leaders."

The 2019 NCF-Envirothon Indiana Northeast Regional competition is part of an environmental education program and competition that attracts more than 50,000 high-school students across the U.S., Canada and China. Participating students completed hands-on and in-class activities to demonstrate knowledge of soils and land use, aquatic ecology, forestry, wildlife, and current environmental issues. Winners at the regional level progress to the 2019 state-wide competition, which will take place April 24.

Smithfield and its employees will continue to offer financial and volunteer support at ongoing NCF-Envirothon regional and state level competitions taking place near the company's locations nationwide, leading into the program's finale championship this July in Raleigh, North Carolina.

"Smithfield applauds the participants of Envirothon in their ongoing environmental stewardship and innovation efforts," said Stewart Leeth, vice president of regulatory affairs and chief sustainability officer for Smithfield Foods. "It's exciting to see the participants' passion for the environment and we look forward to their positive impacts and advancements in the field."

Smithfield Foods actively supports NCF-Envirothon and its efforts to advance environmental education, aligning with both Smithfield's environmental initiatives and commitment to support the vitality of local communities. Smithfield's industry-leading sustainability program is focused on five pillars: animal care, environment, food safety and quality, helping communities, and people.

About NCF-Envirothon

NCF-Envirothon is a hands-on, environmental problem-solving, leadership development program that includes a competition involving high school students annually throughout North America. Participating teams complete

training and testing in five natural resource categories: soils/land use, aquatic ecology, forestry, wildlife and current environmental issues. The program combines in-class curriculum and hands-on field experiences to provide an E-STEM program for students in environmental education, science, technology, engineering and mathematics. NCF-Envirothon works in partnership with local conservation districts, and their state associations, forestry associations, educators, school officials, and cooperating natural resources agencies to organize and conduct competitions on the local, regional, state and/or provincial level. Winning teams from each state and province advance to a final competition for the opportunity to compete for recognition, scholarships and prizes as well as an understanding of natural resources issues. For more information on this exciting program visit www.envirothon.org and connect with us on [Facebook](#), [Twitter](#) and [Instagram](#).
