Smithfield Foods' Springdale, Ohio Facility Participates in North America's Largest Environmental Education Program

SPRINGDALE, Ohio (May 1, 2019) — [Smithfield Foods, Inc.](#) is pleased to announce its Springdale, Ohio facility's participation in the 2019 Area 4 Ohio Envirothon competition where 150 high school students competed to demonstrate their knowledge and environmental problem-solving skills.

Smithfield employees from the local community donated their time and expertise to the program, serving as volunteer advisors to lead training sessions, facilitate program curriculum, and coordinate activities.

"It's incredible to see the breadth of knowledge demonstrated by our student participants across the state," said Wendee Dodds, chair of the Ohio Envirothon Committee. "We greatly appreciate Smithfield's time and contributions towards helping make the Envirothon such a wonderful event for our future leaders."

The 2019 Area 4 Ohio Envirothon competition is part of the NCF-Envirothon, an environmental education program and competition that attracts more than 50,000 high school students across the U.S., Canada, and China. Participating students completed hands-on and in-class activities to demonstrate knowledge of soils and land use, aquatic ecology, forestry, wildlife, and current environmental issues.

Smithfield and its employees will continue to offer financial and volunteer support at ongoing NCF-Envirothon regional and state-level competitions taking place near the company's locations nationwide, leading into the program's finale championship this July in Raleigh, North Carolina.

"Smithfield has an ongoing commitment to protecting the environment and to bettering the communities where we live and work," said Stewart Leeth, vice president of regulatory affairs and chief sustainability officer for Smithfield Foods. "We are proud to partner with Envirothon and applaud these remarkable students for the commitment they have made in this field, which will impact their communities for generations to come."

Smithfield actively supports NCF-Envirothon and its efforts to advance environmental education, aligning with both Smithfield's environmental initiatives and commitment to support the vitality of local communities. Smithfield's industry-leading sustainability program is focused on five pillars: animal care, environment, food safety and quality, helping communities, and people.

About NCF-Envirothon

NCF-Envirothon is a hands-on, environmental problem-solving, leadership development program that includes a competition involving high school students annually throughout the U.S., Canada and China. Participating teams

complete training and testing in five natural resource categories: soils/land use, aquatic ecology, forestry, wildlife and current environmental issues. The program combines in-class curriculum and hands-on field experiences to provide an E-STEM program for students in environmental education, science, technology, engineering and mathematics. NCF-Envirothon works in partnership with local conservation districts, and their state associations, forestry associations, educators, school officials, and cooperating natural resources agencies to organize and conduct competitions on the local, regional, state and/or provincial level. Winning teams from each state and province advance to a final competition for the opportunity to compete for recognition, scholarships and prizes as well as an understanding of natural resources issues. For more information on this exciting program visit www.envirothon.org and connect with us on [Facebook](#), [Twitter](#) and [Instagram](#).
